Instructions for Assembly:

Print on cardstock. You can laminate the Mary doll for extra durability.

Color and cut out the pieces, careful to cut around the tabs.

To make Mary stand up, fold the rectangle along the solid line and attach to the back of Mary using tape or glue dots. Make sure to line the bottom of the rectangle up with the bottom of Mary.

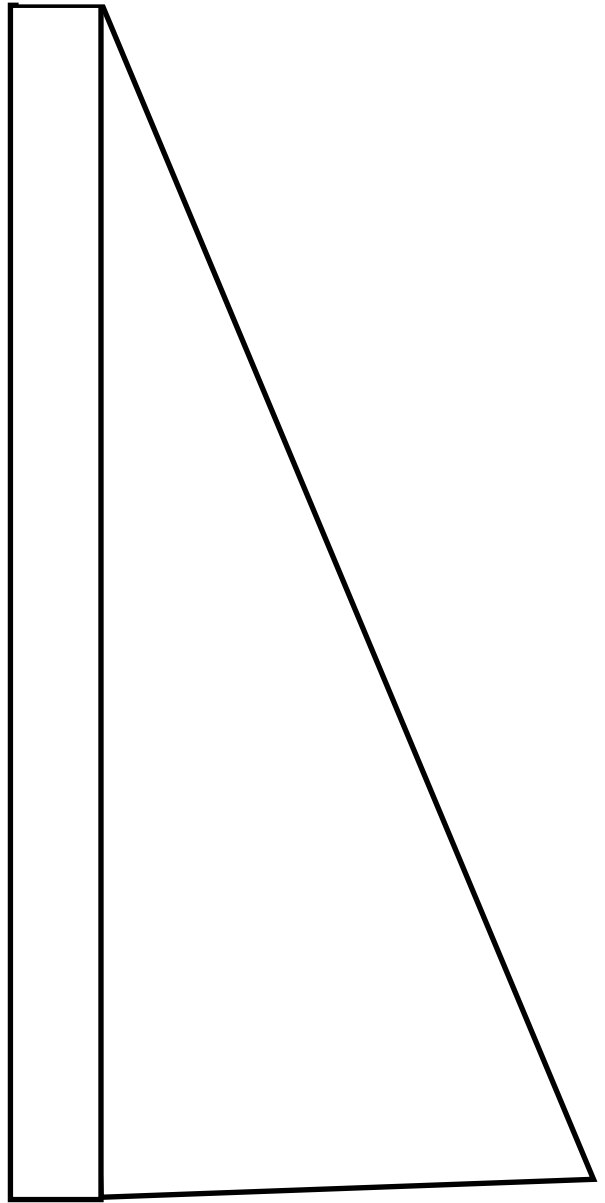

To attach the clothing and veils to Mary, simply place on Mary and fold the tabs over to secure.

Have fun changing Mary's clothes to represent the various ways she has been depicted through the ages.
