Please see blog post for pictures of each step.

Cut out the two rectangles at the bottom.

Cut out the small window on the Saint Elizabeth page.

Position the two rectangles on the back of the Saint Elizabeth page, above and below the window.

Tape one side of them to the page. Place the slider under the two rectangles, such that the bread or roses are visible through the window. Tape the other sides of the rectangles down. Pull or push the tab to make the bread or roses appear in Saint Elizabeth's basket!
